Missing / Inappropriate Resource only had one type of interactivity.
Grammar and Spelling	Target There are no grammatical or spelling errors in the resource.	Acceptable There may be 1 or 2 grammatical errors or misspellings in the resource.	Needs Improvement There may be 3 - 4 grammatical errors or misspellings in the resource.	Missing / Inappropriate There are 5 or more grammatical errors or misspellings in the resource.

Visual Appeal and Readability	Target	Acceptable	Needs Improvement	Missing / Inappropriate
	Colors, font style, and font size selected are easy to read. The lay-out of the different elements in each page guides the eyes to which should be seen first, next, last. Every page is readable and visually appealing. Images used are of high quality.	Colors, font style, and font size selected are easy to read. The lay-out of the different elements in each page guides the eyes to which should be seen first, next, last. Most of the pages are readable and visually appealing. Images used are of high quality. One or two pages may need work.	The elements on each page are haphazard and may be difficult to follow. Lay out needs to be improved. Color choices may sometimes make it difficult to read. At least half of the resource has readability issues. Some images used are of low quality and are pixelated when shown.	Color choices and font style selected make the resource difficult to read. There are readability issues on most of the pages. Color choices may be garish or too bright, rendering the work visually unappealing. Work may be visually noisy with unnecessary elements. There are no images used or images are of poor quality.
